Summary

Software Engineering student at Tunku Abdul Rahman University of Management and Technology (TARUMT) with strong foundations in software development processes, database systems and software architectures. Proficient in Python, C#, SQL, HTML, and Java. Interested in developing software solutions, database design, computer vision and machine learning. Eager to learn from experienced developers and engineers to develop these skills in a real-world development environment

Education

Tunku Abdul Rahman University of Technology and Management (TARUMT)

Foundation in Computing • 3.78 CGPA

2021 - 2022

Courses: Introduction to Programming, Data Management, Introduction to Computer Networks, Web Development.

Tunku Abdul Rahman University of Technology and Management (TARUMT)

Bachelor in Software Engineering • 3.39 CGPA

2023 - Present

Courses: Software Engineering, Problem Solving and Programming, Software Design and Architecture, Cloud Computing, Artificial Intelligence, Data Structures and Algorithms, Advanced Database Management, Web Application Development.

Certifications

AI Untuk Rakyat (Badge 1: AI Aware)

March 2024

MyDigital / Intel
